

We have “5 Star” Employees!

New Era HR Solutions is pleased to announce a new feature when qualifying employees for clients. It is called a Behavioral Assessment tool. This tool is a computerized test that scores potential employees on a one to five star basis. Employee's whose test results are three stars or higher are proven to be the best workers to place for light industrial, manufacturing, and laborer type jobs.

A good behavioral fit means:

- Improved attendance
- Long-term commitment
- Improved productivity
- High motivation
- Focus on safety

This tool, as part of our overall screening and selection process, means that the people that we send to you will more likely “stick around”. That will reduce the “revolving door of temps” resulting in less training time, less wear and tear on your front line Supervisors, and greater productivity.

This tool is now available for New Era HR Solutions customers only. When you do business with New Era we include in all of our service agreements:

Free social security verification
Free drug testing
Free criminal background checks
Free behavioral assessment

This definitely gives clients of New Era a winning solution and peace of mind.

Isn't It Time?
